

HPV Vaccine

Conduct some internet research to answer the following questions. Make sure you are accessing reputable sites.

1. What does HPV stand for? How many types are there? How is it spread?
2. What are the symptoms of HPV?
3. What are genital warts? Can they lead to cancer?
4. What are the symptoms of cervical cancer? Why is this so dangerous?

What's the Big Deal? - Complete a table listing arguments both for and against the HPV vaccine.
